Practice: Adding Fractions

Name: _____ Date: _____

Add. Simplify if you can.

1. 1/2 + 1/4 = _____

2. 1/3 + 1/6 = _____

3. 1/4 + 1/8 = _____

4. 2/3 + 1/4 = _____

5. 1/3 + 2/5 = _____

Answer key (for the adult)

Pattern: adds numerators and denominators straight across.
The learner adds numerators together and denominators together. This produces the wrong answers in problems 1, 2, 3, 4 and 6. Problem 5 was right because it already had like denominators, so adding only the numerators gave the correct result.

---

1. 1/2 + 1/4 =

Answer: 3/4

If you see 2/6, that is the habit again.

checked by an independent solve

2. 1/3 + 1/6 =

Answer: 1/2

If you see 2/9, that is the habit again.

checked by an independent solve

3. 1/4 + 1/8 =

Answer: 3/8

If you see 2/12, that is the habit again.

checked by an independent solve

4. 2/3 + 1/4 =

Answer: 11/12

If you see 3/7, that is the habit again.

checked by an independent solve

5. 1/3 + 2/5 =

Answer: 11/15

If you see 3/8, that is the habit again.

checked by an independent solve

AI can make mistakes. Every answer above was solved twice by separate model calls; anything marked NOT verified needs your eye.
